ABOUT ME

My self-summary

I'm an easy going people person, enthusiast about my gardening and beer brewing hobbies. I like to be active from time-to-time like cycling, walking and swimming. My work week is 32 hours so I have plenty of time to do whatever I like.

I like different kinds of music, at home and on the road I listen to lofi, dubtechno, techno and raggea(dub). But when going out I listen to techno, drum and bass, psytrance and hardcore.

I don't like traveling far away. WRITE

MOMENTS

A perfect day [▼](#)

Getting out of bed before the sun rises, have a nice cup of hand brewed coffee. Get on my bike and cycle to the ocean and watch the sunset in the dunes. This is just the start of a perfect day.

DATING

What I'm actually looking for [▼](#)

A good companion, a friend to share things with and care for and above all have fun. I live near Eindhoven (which is 12km), If you live further away then 30 min by car or 45 min by bike we are not a good match so in the range of Eindhoven, Tilburg, 's-Hertogenbosch, Helmond is fine, or do you like to commute longer?
